# Stabilizer Display

You know how difficult it is to organize and display stabilizers? MADEIRA solves your problem with this compact display of 12 selected stabilizers, each in its own colour coded pack. Here you find stabilizers for every type of embroidery, patchwork and quilting.

This space saving display holds three different types of stabilizer - Tear Aways, Wash Aways and Cut Aways - with four different weights in each type, everyone suitable for a wide range of different uses. Simple, easy-to-read pictures on the display clearly show how to use each type.

Each MADEIRA premium stabilizer is packaged in its own clam-shell "smart box" which keeps the contents in perfect condition, and protects the stabilizer from both dirt and moisture.

Stabilizer Display
