Solid colour
40 colours / 1000 m

Polyneon is your first choice when you need a resistant thread for embroideries on frequently washed textiles. A strong thread perfect for machine embroidery, quilting, decorative stitching and appliqué. Polyneon colours remain brilliant even after repeated exposure to sunlight, chlorine and washing and add a radiant burst of colour to sports and active wear.

COTONA 100% mercerized cotton (Colour card No.125 and flyer W-FC C)

9350	No.50 embroidery and quilting thread	120	1000 m / 1100 yds	5 spools

------	---	-----	-------------------	----------

Solid colour
120 colours / 1000 m

Now Available: MADEIRA Sensa Green - the first quilting and embroidery thread made of 100% lyocell.

The basis of lyocell fibers is wood from sustainably managed and certified forests. Lyocell fibers are completely biodegradable. Sensa Green is completely recyclable, it is certified free of harmful substances and is one of the world's most sustainable threads, also because the production of Sensa Green requires only a fraction of water and cultivation areas compared to cotton. Sensa Green has a sensational soft touch and runs perfect on all quilting and embroidery machines.

Embroidery & Quilting Threads

Article No.	Product Name	Colours	Spool Size	Pack of
-------------	--------------	---------	------------	---------

FROSTED MATT 96% Polyester / 4% Ceramic (Colour Card No.155 and Flyer W-FC FM)

9848	No.40 extra matte embroidery thread	40	500 m / 550 yds	5 spools
------	--	----	-----------------	----------

Solid colour
33 colours / 500 m

Neon
7 Farben in 500 m

The first truly matt and light-fast embroidery thread brings a new sensation to the perception of colours and new highs to light fastness. Due to the unique construction and special finish, this embroidery thread intensively reflects the true colours. Frosted Matt is produced using exclusive dyeing methods resulting in an unmatched overall rating to light fastness. Colours remain and don't fade easily, as others do.

METALLIC viscose / polyester / polyamide / metallized polyester (Colour card No.143 and flyer W-FC MT)

Multicoloured machine embroidery thread made from 100% polyester. Suitable for all embroidery machines.

Neon coloured machine embroidery thread made from 100% polyester. Suitable for all embroidery machines.

Extra matte and light-fast machine embroidery thread. Its matte finish gives embroidery great clarity, making it perfect for fine lettering.

Ideal for embroidery, festoon work, ornamental seams, and many other decorative applications on all home sewing machines.

The traditional metallic thread for all sewing and embroidery machines. It contains pure silver, which gives a rich and elegant sheen to all your work.

Smooth touch and strong performance thanks to a new twist construction. The core is wrapped by a narrow metalized foil that reduces the metalized percentage to only 25%.

OPAL
Metallic 40

8010

Ideal for embroidery, festoon work, ornamental seams, and many other decorative applications on all home sewing machines.

SOFT
Metallic 40

8011

Soft with a stunning look. The secret is the black viscose core covered by a soft and fine metallic polyester foil.

HEAVY METAL 30

8014

The most hardwearing metallic thread. It can be washed at high temperatures (up to 95°C / 210°F) and is resistant to bleach and chlorine.

SPECTRA

8013

Holographic foil which reflects light. When using on the machine reduce speed and thread tension.

SEWING THREAD
Aerofil 120

8017

High quality polyester all purpose sewing thread for all fabrics and seams.

MULTICOLOR
Aerofil 120

8007

High quality polyester all purpose sewing thread for all fabrics and seams.

EXTRA STRONG
Aerofil 35

8016

Extra strong sewing thread for highly stressed seams or heavy duty fabrics.

JEANS
Aerofil 35

8005

Extra strong sewing thread for highly stressed seams or heavy duty fabrics.

RAYON 40

The most famous machine embroidery thread made from 100% Rayon Viscose. Perfect for all embroidery designs.

FROSTED MATT 40

Extra matte and light-fast machine embroidery thread. Its matte finish gives embroidery great clarity, making it perfect for fine lettering.

POLYNEON 40

If embroideries need to be fast to chlorine and require heavy laundering, Polyneon is the right choice. It is the perfect thread for professional clothing, sports and leisure wear as well as for towels or tablecloths.

POLYNEON 40

If embroideries need to be fast to chlorine and require heavy laundering, Polyneon is the right choice. It is the perfect thread for professional clothing, sports and leisure wear as well as for towels or tablecloths.

Metallic 40 SUPERTWIST

8020

Supertwist is MADEIRA's exclusive "effect" thread used by famous designers and fashion houses everywhere. Its unique twist construction produces embroideries with a brilliant, luxurious and unique appearance which will impress everyone who sees it.

COTONA 30

8030

Machine embroidery and quilting thread made from the best Egyptian cotton. Gives a natural and noble look to any embroidery design. Suitable for all household sewing machines.

Metallic 40 SMOOTH

8021

Smooth touch and strong performance thanks to a new twist construction. The core is wrapped by a narrow metalized foil that reduces the metalized percentage to only 25%.

COTONA 50

8035

The perfect thread for quilters who appreciate high quality materials. It is made of extra-long staple Egyptian cotton and manufactured in Germany.

AEROFIL 120 Sewing thread

8041

High quality polyester all purpose sewing thread for all fabrics and seams.

COTONA 80

8031

Fine machine embroidery and sewing thread made from the best Egyptian cotton. A most precious thread for the finest of seams on delicate fabrics. Excellent for heirloom sewing. Suitable for all household sewing machines.

AEROFIL 120 Sewing thread

8025

Our great summer collection of Aerofil all purpose sewing thread contains the most beautiful and best selling colours on 400 m spools.

MOULINÉ

6 strand cotton floss, made from high quality long staple Egyptian cotton. It is dyed by using processes that do not involve any carcinogens or banned AZO dyestuffs. The result is a superb quality thread which is fast in colour and fully washable to 95°C (210 F). Absolutely effortless to strand, Mouliné is a pleasure to work with and ideal for traditional needlework activities. Mouliné is the preferred choice for classical cross stitch, satin stitch, shadow embroidery, the number one choice for hand embroidery and smocking. Test the new multicolours and marvel at the stunning variety of embroidery variants created as the thread stitches out. Combine Mouliné with shiny Decora and make your embroideries a distinctive and unique masterpiece.

9814

NORA A metallized effect yarn for traditional crocheting. The high percentage of Viscose makes Nora soft and supple. Nora adds elegance to your creativity and is also perfect for hand and machine knitting.

LAMÉ Produced using fine Bemberg filament Rayon which results in a soft, yet traditional metallized effect yarn suitable for festive crocheting and knitting. Lamé guarantees to meet the most stylish of requirements when knitted on its own. Lamé retains its shape and wears extremely well.

9422 D2	STABILIZER DISPLAY for the wall or standing, holds 2 each of 12 stabilizers available the stand is included and can be attached to the display	24 boxes	128 x 58 x 44	50" x 22 11/16" x 16 1/8"

Stabilizer Display

You know how difficult it is to organize and display stabilizers? MADEIRA solves your problem with this compact display of 12 selected stabilizers, each in its own colour coded pack. Here you find stabilizers for every type of embroidery, patchwork and quilting.

This space saving display holds three different types of stabilizer - Tear Aways, Wash Aways and Cut Aways - with four different weights in each type, everyone suitable for a wide range of different uses. Simple, easy-to-read pictures on the display clearly show how to use each type.

Each MADEIRA premium stabilizer is packaged in its own clam-shell “smart box” which keeps the contents in perfect condition, and protects the stabilizer from both dirt and moisture.

	 Washing temperature max. 40°C (delicates program)	 Washing temperature max. 40°C (extra delicates program)	 Washing temperature max. 30°C (normal program)	 Washing temperature max. 30°C (delicates program)	 Washing temperature max. 30°C (extra delicates program)	 Washing temperature max. 40°C (Hand wash)	 Do not wash
Bleaching	 Any bleach possible!		 Only oxygen bleach possible! No chlorine bleach!		 Do not bleach!		
	 Drying in dryer possible. Normal temperature, initial temperature max. 80°C		 Drying in dryer possible. Low temperature, initial temperature max. 60°C		 Do not dry in dryer!		
Ironing	 Ironing with maximum temperature of the iron is 200°C		 Ironing with maximum temperature of the iron is 150°C		 Ironing with maximum temperature of the iron is 110°C without steam! Steam ironing can cause irreparable damage!		 Do not iron!
	 Professional chemical cleaning with tetrachloroethene and all solvents specified with the symbol "F", (normal program)		 Professional chemical cleaning with tetrachloroethene and all solvents specified with the symbol "F", (delicates program)		 Professional chemical cleaning with carbon hydrates. Distillation temperature between 150°C and 210°C, burning point between 38°C and 70°C (normal program)		 No chemical cleaning possible!
Professional Textiles care	 Professional wet cleaning! (normal program)		 Professional wet cleaning! (delicates program)		 Professional wet cleaning! (extra delicates program)		 No wet cleaning possible!

The letters in the circle are primarily intended for the chemical cleaner's. They most of all provide information about the solvents coming into consideration. The bars below the circle mean that the mechanical strain during cleaning, the added moisture, soaking and/or drying temperatures must be reduced.

The symbol for wet cleaning is used for items that can be treated in a wet cleaning procedure in water. The requirements for the machine equipment, the used means and finish methods cannot be achieved by the parameters of a household washing machine.
